General Comments:

- Members of the Task Force expressed interest in the Youth Planning Program and were supportive about participation of kids in the process. Some interest was expressed in extending the involvement to the pre-school level.
- Participants were interested in making sure that the new land use element explores ways to encourage development of childcare facilities. Additionally, transportation issues related to childcare facilities, such as parking, loading, and calming traffic near such facilities were expressed as a priority.
- Flyers were passed out to encourage participation in the January 22nd workshop.

Follow – Up Issues:

- Staff offered to work with any group that contacts us to implement the Youth Planning program in some way at pre-school level.
